Purple reigns —

Plush plums and purples are blended on the lids for a smoky sophisticated look. Bronzed skin and pale lips further accentuate the stylish look.

It's party time! Take the opportunity to add a little drama and sparkle to your everyday makeup routine. The season's bold fashion colours and richly embellished fabrics call for high impact look. Mindy Shear suggests using airbrush makeup for a flawless look that lasts all day and long into the night.

Golden Glam —

It's all about the eyes and the lips in this updated version of old Hollywood glamour, with smoldering eyes and dramatic red lips. In a modern twist, pale skin is given a subtle golden glow.

Modern Mystery —

Modern bronze and plum tones are used for a sophisticated evening look. Black liquid eyeliner and long dark lashes add a definite dash of drama.
